**Resolution Summary:** \$23,000 contract to extend term of agreement for COVID PCR test kits and analysis for UCSO Corrections Division employees through December 2024 (100% County funded).

**Discussion:** Under Sheriff Benjamin highlights Bambini Pediatrics' quick turnaround time for COVID tests, saving the county money and potentially preventing the spread of the virus and money saved from that employee being out for 10 days or until a test would come back, which when this first set could be up to 6 to 7 days in itself.

Legislator Uchitelle thought that the Bambini Pediatrics name was the cutest name.

**Resolution No. 648** - Approving The Execution Of A Contract Amendment For \$60,364.96, Causing The Aggregate Contract Plus Amendment Amount To Be In Excess Of \$50,000.00, Entered Into By The County – Black Creek Integrated Systems Corp. – Ulster County Sheriff

**Resolution Summary:** \$60,364.96 contract amendment to extend term of agreement through December 31, 2024 and increase funding for support, maintenance, and repair of the electronic locking equipment control system for all doors at the UC Jail (100% County funded).

**Discussion:** Col James Mullen stated that the Black Creek integrated systems contract amendment for \$63,604.96 to extend the contract into next year, with no rate increase or scope of services increase. Black Creek is a system that runs the camera system inside the jail/correctional facility. Every door is connected to the Black Creek system, Its basically much like a motherboard of a system to run the whole jail. Without the BC system officers have no way to open and close the doors, also no way to watch security cameras to keep track of their officers, it's the main hub of the jail operations.
