WHEREAS, the Opt-Out CDG program has been designed to prioritize enrollment of low-income households, which will help quickly expand access to clean energy for all New Yorkers, including those living in disadvantaged communities (DACs); and

WHEREAS, Opt-Out CDG is supported by the NYS Climate Action Council Scoping Plan, the State's 10 Gigawatt Distributed Solar Roadmap, Clean Energy Communities, and Climate Smart Communities, and directly contributes to the State's nation-leading clean energy goals; and

WHEREAS, Opt-Out CDG was first approved in New York State in 2018 by the Public Service Commission (PSC), but in 2021 the PSC paused the program and recently called for alternatives to be studied, further delaying the roll out of the program; and
