MINUTES

JUNE 19, 2018

REGULAR MEETING & PUBLIC HEARINGS

7:00 PM

MEETING CALLED TO ORDER BY CHAIRMAN: 7:21 PM

PLEDGE OF ALLEGIANCE TO THE FLAG AND MOMENT OF SILENT MEDITATION:

Eagle Scout Finian Brown lead us in the Pledge of Allegiance. Mr. Brown is a member of BSA Troop 1002, Pine Bush, New York, who earned the prestigious rank of Eagle Scout on April 8, 2018.

Majority Whip Craig Lopez presented Finian with a Pride of Ulster County Award during his Court of Honor Ceremony in April. Finian's Eagle Scout project included the design and build of dog agility training equipment, including five hurdles and five tables of varying sizes for his local animal shelter. Finian wanted to ensure all dogs at the shelter have fun and exercise increasing their chance for adoption. Finian and his troop held a fundraising dinner to complete his project along with donating food and supplies to the animal shelter. For his work Finian will receive the Kameron Jacobsen Award given by Pets Alive, recognizing young role models for their kindness towards animals and selflessness in helping them.

PRESENTATIONS:

Chairman Kenneth J. Ronk Jr. called upon Legislator Craig Lopez, Chairman of the Public Health & Social Services Committee to present a Pride of Ulster County Award to Daniella Seymour in recognition of her bravery and commitment to raising awareness about HHT and in honor of June as HHT Awareness Month. Often unrecognized and misdiagnosed, Hereditary Hemorrhagic Telangiectasia (HHT) is a genetic blood vessel disorder that leads to malformed blood vessels in multiple organs of the body and typically begins with nosebleeds during childhood. HHT can result in serious health problems if not promptly diagnosed and treated. As an HHT patient and advocate, Ms. Seymour has been sharing her story to raise awareness of HHT and to help reduce the number of undiagnosed cases.

PRIVILEGE OF THE FLOOR:

Chairman Kenneth J. Ronk called upon Legislator David Donaldson, Chairman of the Legislative Programs, Education & Community Services Committee to introduce Cheryl DePaolo, Program Director of the Ulster Prevention Council and Megan Conroy, Community Prevention Specialist. Director DePaolo will make a presentation and introduce this year's winners of the Public Service Youth Media Contest: Kylie Detz Poster - "Knock Drugs Out Of The Park," Lizbeth Martinez - Foreign Language Poster, Christian Valdez - "What Besides Drugs" Video, and Christian Valdez, Elijah Espinosa, Jordan Dickman, Anastasia Keener and Justin Guiliano - "Drug Awareness Radio PSA."

Legislator Donaldson, along with Legislative Programs, Education & Community Services Committee Deputy Chair Legislator Heidi Haynes presented Pride of Ulster County Awards to Kylie Detz and Lizbeth Martinez from Wallkill High School, and Christian Valdez, Elijah Espinosa, Jordan Dickman, Anastasia Keener and Justin Guiliano from Ellenville High School in recognition of being selected as the winners of the 2018 Ulster Prevention Council Public Service Youth Media Contest.

PUBLIC COMMENT:

There were (10) speakers signed up for public comment.

1. Jeff Rindler, Exec. Dir. LGBTQ Kingston: Mr. Rindler spoke in support of Proposed Local Law No. 11 of 2018.
2. Paul Andreassen, Malden: Mr. Andreassen yielded his time.
3. Rev. Michelle Meech, Episcopal Church, Kingston: Rev. Meech spoke on behalf of Ministers Alliance of Ulster County, member of the Kingston Interfaith Council, and leader in the Episcopal Church in support of Proposed Local Law No. 11 of 2018.

4. V Hlavsa, Kingston: Ms. Hlavsa founder of Settled and Served in Place for senior citizens, spoke in opposition to a fire training center built in Stone Ridge. Ms. Hlavsa provided for the record resident signatures opposing this project.
5. Martha Tardiluond, High Falls: Ms. Tradiluond spoke in opposition to having a fire training center in Stone Ridge.
6. Laura Cunningham: Ms. Cunningham spoke in opposition to having a fire training center on the SUNY Ulster campus in Stone Ridge. Ms. Cunningham also provided for the record resident signatures opposing fire training at SUNY Ulster.
7. Margarita Meyendorff, Rosendale: Ms. Meyendorff spoke in opposition to having a fire training center on the SUNY Ulster campus in Stone Ridge.
8. Abby Mitchell, Woodstock: Ms. Mitchell spoke out against 5G technology stating health and environmental concerns.
9. Alison Quin, Rev. Episcopal Church, Stone Ridge: Rev. Quin spoke in support of Proposed Local Law No. 11 of 2018.
10. Penny Coleman, Rosendale: Ms. Coleman spoke in support of Faith Storms appointment to the IDA Board.

Please Note: Complete content of the public comment period can be heard on the Ulster County Legislative Website.

Good evening members of the Ulster County Legislature. My name is Joe Bergstein and I am here on behalf of the Town of New Paltz Environmental Conservation Board. In addition, the Village of New Paltz's Environmental Policy Board is supportive of my effort here this evening.

We were encouraged when the Village of New Paltz approved a plastic bag ban in April, 2015. That local law encourages shoppers to bring their own bags when purchasing items in grocery stores located in the Village of New Paltz. At that time five other municipalities in New York State had taken a similar action. Unfortunately the decision of these few communities and others in the state since, has not eradicated the problems associated with plastic carryout bags. Only an estimated 5 percent of these bags are recycled.

With this in mind, our Board concurs with the County Legislature's proposed ban on single use checkout bags along with a mandatory charge on recyclable paper checkout bags. This hybrid solution has been highly effective elsewhere in reducing plastic bag use and encouraging the switch to reusable bags.

We are pleased that the proposed ban covers a broad range of businesses that sell personal, consumer and household items as indicated in Section 3 of the draft legislation. We do question, however, the apparent exemption from the ban of plastic bags that are used by clothing retailers, dry cleaners and pharmacies also discussed in Section 3, as there are non-plastic alternatives for use in these businesses. We would like to suggest that these retail businesses also be included in the ban to help curb the high volume of plastic potentially released into the environment.

In a related matter, we suggest that legislation be considered to reduce the use of plastic straws, beverage stirrers and plastic utensils in the food services sector. Perhaps it is the intent of the legislature to move in a step-wise fashion and in the future address these other single-use plastic products that are routinely dispensed. While the estimates vary on how long these products may linger in the environment, what has been demonstrated is that as they break down, they are assimilated by animals and plants and pose adverse impacts on land and aquatic environments.

Even without further revision, the Town of New Paltz Environmental Conservation Board believes that the proposed law is a positive step in the right direction. In closing, we understand that the local law is to take effect on Earth Day on April 22nd 2019. The intervening ten months afford the opportunity to inform all retailers and members of the community about the legislation. Our Board will be happy to assist in this effort. Let's work together to make unnecessary single-use plastic products a thing of the past!

Thank you for the opportunity to speak tonight.

Riverkeeper Strongly Supports Local Law 10
Testimony of Jeremy Cherson, Advocacy Coordinator
June 19, 2018

I would like to thank the Ulster County Legislature for the opportunity to testify today to endorse Local Law 10 on behalf of Riverkeeper's thousands of members and supporters.

Through advocacy, prevention, community education and stewardship, Riverkeeper is working towards realizing our vision of a trash-free Hudson. Our annual day of service, the Riverkeeper Sweep, engages thousands of New Yorkers from Brooklyn to the Adirondacks at over 100 sites to clean-up our shorelines and waterways. Over the past 7 years, plastic bag pollution has constituted one of the main sources of the marine debris at the Riverkeeper Sweep. In many cases, we can see at a single clean-up site, the cycle of degradation occurring, with recent litter sitting beside smaller and smaller pieces that accumulate on the shore. Pesticides, toxic industrial compounds—including PCBs—as well as pharmaceuticals and other unregulated contaminants adhere to plastics, and can both contaminate fish and contaminate drinking water supplies.¹ Our direct experience with microplastic pollution on our shorelines necessitates our advocacy to eliminate the scourge of plastic bag pollution in the Hudson River Estuary.

Evidence compiled by the New York State Plastic Bag Task Force shows that recyclables handling recovery facilities (RHRF's) and materials recovery facilities (MRF's) incur high extra operational costs as a result of single-use plastic bag-related issues. These costs can range up to \$1 million and can be attributed to wear on equipment, screen cleaning, and employee time dedicated to fixing equipment jams from plastic bag contamination. Although it is possible, there is currently no economic feasibility or viable market for recycling single-use plastic bags. One estimate shows that it can cost up to \$4,000 to recycle one ton of plastic bags, while the end product can only be sold for \$32.²

A plastic bag policy that imposes a ban on single-use plastic bags, with an additional fee on paper bags and other alternatives is critical to significantly reduce microplastic pollution, control negative externalities associated with a potential increase in paper bag use, and encourage consumers to use reusable bags. After implementing such a policy in San Jose, reusable bag use increased from 4% to 62%.³ Los Angeles County saw a 94% decline in plastic bag use and a 30% decline in paper bag use after a ban on plastic and a 10-cent fee on paper was implemented.⁴

Cc: nathan k
Subject: Comments to the Ulster County Legislature on Annual Additions to Agricultural Districts

My Name is Nathan Kamp and I am the owner of two lots in the town of New Paltz located at 221 Springtown Road in New Paltz (SBL 78.3-3-58.200 and 57) totaling just under 10 acres which I purchased 1.5 years ago.

Please accept the following comments in support of my application for inclusion of these lands in the annual additions to agricultural districts this year:

After very informative conversations with Christian at Cornell Cooperative and Burt Samuelson I filled out all the necessary applications/paperwork and turned everything in for the March 31st deadline. I was told all was in order and that the land is ideal for AG district. I am not sure why the land was not recommended for inclusion by the AFPB but I am requesting that you please reconsider and include it in the recommendations of the Legislature to the Commissioner of Ag.&Mkts.

When I purchased the property a year and a half ago it was abandoned and in very poor shape. Since that time I have worked very hard to bring it back to life which I feel will not only benefit myself but also the town and local economy. I connected with John Wightman at Crop Production Services and he has helped tremendously with information as well as performed soil testing on the property. To bring the balance of the soil back to healthy levels the entire field was limed as well as a planned seeding of clover and hay (invoice available) I also thought it important and relevant to mention I have been talking with local producers regarding lease agreements and crop production. Finally: I would note that the land has excellent soils and is adjacent to lands already in the agricultural district. I would love the opportunity to move forward with the help and protection of the farming community as John Wightman highly recommended this avenue as not only the most effective way moving forward but also the safest (which with my lack of experience I need). Thank you for your consideration

Nathan Kamp

Public Hearing #5
Ag District Inclusion

To state the obvious, the Stone Ridge houses on Main Street are built on a ridge. The land slopes downward on both sides. The unique nature of this landscape has been protected by the National Registered Stone Ridge Historic District. On either side are wetlands, marshes and streams. And, as we all know, Main Street itself is heavily trafficked.

The County Planner states the project would take 8-12 months, working weekdays from 7 AM to 10 PM and all day Saturday from 9 AM to 4 PM. The area invaded would involve an old forest, a wildlife habitat, and the obliteration of archaeologically sensitive sites.

The members of SSIP 209 (Settled and Serving in Place along the 209 Corridor) stand opposed to this project. As tax-paying seniors, planning to stay in our homes and remain active in our communities, we call on all citizens of this area to join us in opposing this invasion of our beautiful town.

Petition to Ulster County

To state the obvious, the Stone Ridge houses on Main Street are built on a ridge. The land slopes downward on both sides. The unique nature of this landscape has been protected by the National Registered Stone Ridge Historic District. On either side are wetlands, marshes and streams. And, as we all know, Main Street itself is heavily trafficked.

Now a *Fifty Company* Fire Training Center has been proposed, located on SUNY campus but with *six new buildings and a 40' tower* only 600 feet behind Stone Ridge corridor homes, atop our sensitive wetlands. It would require a lot of water, water which our Ridge doesn't have. And it would mean a lot more traffic.

The County Planner states the project would take 8-12 months, working weekdays from 7 AM to 10 PM and all day Saturday from 9 AM to 4 PM. The area invaded would involve an old forest, a wildlife habitat, and the obliteration of archaeologically sensitive sites.

We are all for training firemen. In fact, we hope they can attend classes at the SUNY campus. But industrial zoned activities should be performed in industrial zones.

Now a *Fifty Company* Fire Training Center has been proposed, located on SUNY campus but with six new buildings and a 40' tower only 600 feet behind Stone Ridge corridor homes, atop our sensitive wetlands. It would require a lot of water, water which our Ridge doesn't have. And it would mean a lot more traffic.

The County Planner states the project would take 8-12 months, working weekdays from 7 AM to 10 PM and all day Saturday from 9 AM to 4 PM. The area invaded would involve an old forest, a wildlife habitat, and the obliteration of archaeologically sensitive sites.

We are all for training firemen. In fact, we hope they can attend classes at the SUNY campus. But industrial zoned activities should be performed in industrial zones.

The members of SSIP 209 (Settled and Serving in Place along the 209 Corridor) stand opposed to this project. As tax-paying seniors, planning to stay in our homes and remain active in our communities, we call on all citizens of this area to join us in opposing this invasion of our beautiful town.

Petition to Ulster County

To state the obvious, the Stone Ridge houses on Main Street are built on a ridge. The land slopes downward on both sides. The unique nature of this landscape has been protected by the National Registered Stone Ridge Historic District. On either side are wetlands, marshes and streams. And, as we all know, Main Street itself is heavily trafficked.

Now a *Fifty Company* Fire Training Center has been proposed, located on SUNY campus but with *six new buildings and a 40' tower* only 600 feet behind Stone Ridge corridor homes, atop our sensitive wetlands. It would require a lot of water, water which our Ridge doesn't have. And it would mean a lot more traffic.

The County Planner states the project would take 8-12 months, working weekdays from 7 AM to 10 PM and all day Saturday from 9 AM to 4 PM. The area invaded would involve an old forest, a wildlife habitat, and the obliteration of archaeologically sensitive sites.

We are all for training firemen. In fact, we hope they can attend classes at the SUNY campus. But industrial zoned activities should be performed in industrial zones.

The members of SSIP 209 (Settled and Serving in Place along the 209 Corridor) stand opposed to this project. As tax-paying seniors, planning to stay in our homes and remain active in our communities, we call on all citizens of this area to join us in opposing this invasion of our beautiful town.

URGENT COMMUNITY ALERT: PLEASE SIGN TO PROTECT STONE RIDGE, COTTEKILL, HIGH FALLS and MARBLETOWN Residents

-From THE PROPOSED NEW LOCATION FOR A COUNTY-WIDE FIRE TRAINING CENTER To serve 50 fire companies on SUNY Ulster next to homes along Rte. 209, LEGGETT ROAD and RYBAK LANE.

600 feet from family homes

2500 feet from Stone Ridge Historic District.

On environmentally sensitive wetlands and archeological sites

Police radios, idling diesel fire trucks, and spotlights will pollute our area. A virgin forest will be destroyed, wildlife endangered. The site includes a DEC mapped stream.

SIX buildings and a 40 foot 3 story tower higher than legal zoning.

Construction : 8-12 months, 7 a.m. until 10 p.m.

Regular schedule: Weeknights until 10 PM at night, and ALL DAY SATURDAY.

WE WANT FIRE TRAINING - where it belongs- in an industrial zone.

PLEASE SUPPORT existing "CLASSROOMS ONLY" at SUNY ULSTER. PROTECT RESIDENTIAL RIGHTS.

We support and honor our firefighters and are glad they have other, more appropriately zoned sites available. PLEASE USE

CLASSROOMS ONLY at SUNY and PLACE ACTIVE TRAINING at approved ULSTER LANDING ROAD and Walker Valley existing Fire Training Centers. With \$3,921, 709.00 given by State and County, to upgrade there is no reason to make life unbearable for families here.

Oppose A COUNTY-WIDE FIRE TRAINING CENTER on SUNY Ulster next to homes along Rte. 209, LEGGETT ROAD and RYBAK LANE. To serve 50 fire companies. We support and deeply appreciate our firefighters available. PLEASE USE EXISTING CLASSROOMS ONLY at SUNY and PLACE ACTIVE TRAINING at approved and funded ULSTER LANDING ROAD and Walker Valley sites. With almost \$ 4 MILLION DOLLARS - \$3,921,709.00 given by State and County to upgrade there is no reason to make life unbearable for families here

URGENT COMMUNITY ALERT: -PREVENT THE PROPOSED NEW LOCATION FOR A COUNTY-WIDE FIRE TRAINING CENTER on SUNY Ulster next to homes along Rte. 209, LEGGETT ROAD and RYBAK LANE. To serve 50 fire companies.

We support and deeply appreciate our firefighters and are glad they have better zoned sites available. PLEASE USE CLASSROOMS ONLY at SUNY and PLACE ACTIVE TRAINING at approved and funded ULSTER LANDING ROAD and Walker Valley sites. With almost \$ 4 MILLION DOLLARS - \$3,921, 709.00 given by State and County, to upgrade there is no reason to make life unbearable for families here

600 feet from family homes

2500 feet from Stone Ridge Historic District.

On environmentally sensitive wetlands and archeological site.

Weeknights until 10 PM at night, and ALL DAY SATURDAY.

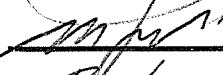

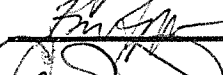

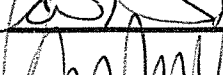

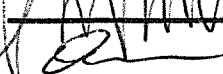

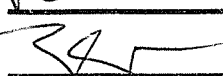

SIX buildings and a 40 foot 3 story tower higher than legal zoning.

Construction would be 8-12 months, 7 a.m. until 10 p.m.

WE WANT THE FIRE TRAINING CENTER- where it belongs- in an industrial zone.

PLEASE SUPPORT EXISTING "CLASSROOMS ONLY" at SUNY ULSTER.

PROTECT RESIDENTIAL RIGHTS.

Full Environmental Assessment Form
Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Sponsor Information.

Name of Action or Project: Ulster County Fire Training Facility Improvements - SUNY Ulster		
Project Location (describe, and attach a general location map): 491 Cottekill Rd, Stone Ridge, NY 12484		
Brief Description of Proposed Action (include purpose or need): The improvements to the SUNY Ulster Campus to accommodate elements of a county-wide accessible Fire Training Center ("the Project") involve the development of modern fire training elements that do not include live burn facilities at the site. Proposed project elements include: search and rescue training building, a self contained breathing apparatus (SCBA) confidence maze, roof prop, and associated access improvements and storage buildings. In addition, the fire training facility will include use of existing classroom facilities at the College that may require improvements. The Project is part of, but not dependent on, the development of a shared fire service training network that includes facilities in the Town of Ulster at 250 Ulster Landing Road and a facility in southern Ulster County currently identified as the existing Walker Valley Fire Training site. Ulster County has determined that each of the actions associated with the development of a shared fire service network is not dependent on or required for the development and use of the SUNY Ulster training site and that considering the development of these facilities separately is no less protective of the environment. The County, working with SUNY Ulster, has identified a preferred location at the SUNY Ulster Campus where the fire training elements could be placed.		
Name of Applicant/Sponsor: County of Ulster	Telephone: 845-340-3900	
	E-Mail:	
Address: Ulster County Legislature		
City/PO: PO Box 1800 Kingston	State: NY	Zip Code: 12401
Project Contact (if not same as sponsor; give name and title/role): Dennis Doyle	Telephone: 845-340-3340	
	E-Mail: ddoyle@co.ulster.ny.us	
Address: Ulster County Planning Department		
City/PO: Box 1800 Kingston	State: NY	Zip Code: 12401

B. Government Approvals

B. Government Approvals, Funding, or Sponsorship. ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)

Government Entity	If Yes: Identify Agency and Approval(s) Required	Application Date (Actual or projected)
a. City Council, Town Board, <input type="checkbox"/> Yes <input type="checkbox"/> No or Village Board of Trustees		
b. City, Town or Village Planning Board or Commission <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Planning Board - review under Monroe Balance Test	TBD
c. City Council, Town or Village Zoning Board of Appeals <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
d. Other local agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
e. County agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	County Legislature - Funding SUNY Ulster - Authorization	TBD TBD
f. Regional agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
g. State agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	SUNY Const. funding NYSDEC NOI Stormwater	TBD, TBD
h. Federal agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
i. Coastal Resources.		
i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
iii. Is the project site within a Coastal Erosion Hazard Area?		<input type="checkbox"/> Yes <input type="checkbox"/> No

C. Planning and Zoning

C.1. Planning and zoning actions.

Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed? ☐ Yes ☒ No

- If Yes, complete sections C, F and G.
- If No, proceed to question C.2 and complete all remaining sections and questions in Part I

C.2. Adopted land use plans.

a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located? ☒ Yes ☐ No

If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located? ☐ Yes ☒ No

b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?) ☐ Yes ☒ No

If Yes, identify the plan(s):

c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan? ☐ Yes ☒ No

If Yes, identify the plan(s):

C.3. Zoning	
a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
<u>R-1 and R-3 (small portion)</u>	
b. Is the use permitted or allowed by a special or conditional use permit? Use -Monroe Test balance of public interest test	<input type="checkbox"/> Yes <input type="checkbox"/> No
c. Is a zoning change requested as part of the proposed action? If Yes,	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
i. What is the proposed new zoning for the site? _____	
C.4. Existing community services.	
a. In what school district is the project site located?	<u>Rondout</u>
b. What police or other public protection forces serve the project site?	<u>Ulster County Sheriff and State Police</u>
c. Which fire protection and emergency medical services serve the project site?	<u>Stone Ridge Fire District</u>
d. What parks serve the project site?	<u>NA</u>

D. Project Details

D.1. Proposed and Potential Development	
a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? <u>Educational - Fire Training</u>	
b. a. Total acreage of the site of the proposed action?	<u>3</u> acres
b. Total acreage to be physically disturbed?	<u><1</u> acres
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?	<u>87.3</u> acres
c. Is the proposed action an expansion of an existing project or use?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % <u>4</u> Units: <u>acres impervious surface</u>	
d. Is the proposed action a subdivision, or does it include a subdivision?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes,	
i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types) _____	
ii. Is a cluster/conservation layout proposed?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
iii. Number of lots proposed?	_____
iv. Minimum and maximum proposed lot sizes? Minimum _____ Maximum _____	
e. Will proposed action be constructed in multiple phases?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
i. If No, anticipated period of construction: <u>8-12</u> months	
ii. If Yes:	
• Total number of phases anticipated	_____
• Anticipated commencement date of phase I (including demolition)	_____ month _____ year
• Anticipated completion date of final phase	_____ month _____ year
• Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: _____ _____ _____	

f. Does the project include new residential uses? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, show numbers of units proposed.				
	<u>One Family</u>	<u>Two Family</u>	<u>Three Family</u>	<u>Multiple Family (four or more)</u>
Initial Phase	_____	_____	_____	_____
At completion of all phases	_____	_____	_____	_____

g. Does the proposed action include new non-residential construction (including expansions)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If Yes,	
i. Total number of structures <u>4</u> ii. Dimensions (in feet) of largest proposed structure: <u>40</u> height; <u>35</u> width; and <u>55</u> length iii. Approximate extent of building space to be heated or cooled: <u>200</u> square feet	

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes,	
i. Purpose of the impoundment: _____ ii. If a water impoundment, the principal source of the water: <input type="checkbox"/> Ground water <input type="checkbox"/> Surface water streams <input type="checkbox"/> Other specify: _____ iii. If other than water, identify the type of impounded/contained liquids and their source. _____ iv. Approximate size of the proposed impoundment. Volume: _____ million gallons; surface area: _____ acres v. Dimensions of the proposed dam or impounding structure: _____ height; _____ length vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete): _____	

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite) If Yes:	
i. What is the purpose of the excavation or dredging? _____ ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site? • Volume (specify tons or cubic yards): _____ • Over what duration of time? _____ iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them. _____ _____ _____ iv. Will there be onsite dewatering or processing of excavated materials? <input type="checkbox"/> Yes <input type="checkbox"/> No If yes, describe. _____ _____ _____ v. What is the total area to be dredged or excavated? _____ acres vi. What is the maximum area to be worked at any one time? _____ acres vii. What would be the maximum depth of excavation or dredging? _____ feet viii. Will the excavation require blasting? <input type="checkbox"/> Yes <input type="checkbox"/> No ix. Summarize site reclamation goals and plan: _____ _____ _____ _____	

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes:	
i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): _____ _____ _____	

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

iii. Will proposed action cause or result in disturbance to bottom sediments? ☐ Yes ☐ No

If Yes, describe: _____

iv. Will proposed action cause or result in the destruction or removal of aquatic vegetation? ☐ Yes ☐ No

If Yes:

- acres of aquatic vegetation proposed to be removed: _____
- expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____
- _____
- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

c. Will the proposed action use, or create a new demand for water? ☒ Yes ☐ No

If Yes:

i. Total anticipated water usage/demand per day: _____ <75 gallons/day

ii. Will the proposed action obtain water from an existing public water supply? ☐ Yes ☒ No

Utilize existing SUNY Ulster campus water supply system

If Yes:

- Name of district or service area: _____
- Does the existing public water supply have capacity to serve the proposal? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No
- Do existing lines serve the project site? ☐ Yes ☐ No

iii. Will line extension within an existing district be necessary to supply the project? ☐ Yes ☐ No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____
- _____
- Source(s) of supply for the district: _____

iv. Is a new water supply district or service area proposed to be formed to serve the project site? ☐ Yes ☐ No

If Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- Proposed source(s) of supply for new district: _____

v. If a public water supply will not be used, describe plans to provide water supply for the project: _____

vi. If water supply will be from wells (public or private), maximum pumping capacity: _____ gallons/minute.

d. Will the proposed action generate liquid wastes? ☐ Yes ☒ No

If Yes:

i. Total anticipated liquid waste generation per day: _____ gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): _____

iii. Will the proposed action use any existing public wastewater treatment facilities? ☐ Yes ☒ No

If Yes:

- Name of wastewater treatment plant to be used: _____
- Name of district: _____
- Does the existing wastewater treatment plant have capacity to serve the project? ☐ Yes ☐ No
- Is the project site in the existing district? ☐ Yes ☐ No
- Is expansion of the district needed? ☐ Yes ☐ No

<ul style="list-style-type: none"> • Do existing sewer lines serve the project site? <input type="checkbox"/> Yes <input type="checkbox"/> No • Will line extension within an existing district be necessary to serve the project? <input type="checkbox"/> Yes <input type="checkbox"/> No <p>If Yes:</p> <ul style="list-style-type: none"> • Describe extensions or capacity expansions proposed to serve this project: _____ 	
<hr/>	
<p>iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <ul style="list-style-type: none"> • Applicant/sponsor for new district: _____ • Date application submitted or anticipated: _____ • What is the receiving water for the wastewater discharge? _____ 	
<p>v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge, or describe subsurface disposal plans):</p> <p>Existing private wastewater system that serves SUNY Ulster will be used - subsurface discharge</p>	
<p>vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____</p> <p>_____</p>	
<hr/>	
<p>e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. How much impervious surface will the project create in relation to total size of project parcel?</p> <p style="margin-left: 40px;">_____ Square feet or _____ acres (impervious surface)</p> <p style="margin-left: 40px;">_____ Square feet or _____ acres (parcel size)</p> <p>ii. Describe types of new point sources. _____</p>	
<p>iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?</p> <p>_____</p> <p>_____</p> <ul style="list-style-type: none"> • If to surface waters, identify receiving water bodies or wetlands: _____ <p>_____</p>	
<ul style="list-style-type: none"> • Will stormwater runoff flow to adjacent properties? <input type="checkbox"/> Yes <input type="checkbox"/> No 	
<p>iv. Does proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	
<p>f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, identify:</p> <p>i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)</p> <p>_____</p> <p>ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)</p> <p>_____</p> <p>iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)</p> <p>_____</p>	
<hr/>	
<p>g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>ii. In addition to emissions as calculated in the application, the project will generate:</p> <ul style="list-style-type: none"> • _____ Tons/year (short tons) of Carbon Dioxide (CO₂) • _____ Tons/year (short tons) of Nitrous Oxide (N₂O) • _____ Tons/year (short tons) of Perfluorocarbons (PFCs) • _____ Tons/year (short tons) of Sulfur Hexafluoride (SF₆) • _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydrofluorocarbons (HFCs) • _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs) 	

<p>h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Estimate methane generation in tons/year (metric): _____</p> <p>ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____</p>			
<p>i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): _____</p>			
<p>j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. When is the peak traffic expected (Check all that apply): <input type="checkbox"/> Morning <input type="checkbox"/> Evening <input type="checkbox"/> Weekend <input type="checkbox"/> Randomly between hours of _____ to _____</p> <p>ii. For commercial activities only, projected number of semi-trailer truck trips/day: _____</p> <p>iii. Parking spaces: Existing _____ Proposed _____ Net increase/decrease _____</p> <p>iv. Does the proposed action include any shared use parking? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe: <u>Note: project is expected to generate no more than 50 vehicle trips in off-peak hours. Fire apparatus will be less than 5 pieces of equipment/day</u></p>			
<p>vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>			
<p>k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Estimate annual electricity demand during operation of the proposed action: _____</p> <p>ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): _____</p> <p>iii. Will the proposed action require a new, or an upgrade to, an existing substation? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>			
<p>l. Hours of operation. Answer all items which apply.</p> <table style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> <p>i. During Construction:</p> <ul style="list-style-type: none"> • Monday - Friday: <u>7am-7pm</u> • Saturday: <u>Not Anticipated</u> • Sunday: <u>Not Anticipated</u> • Holidays: <u>Not Anticipated</u> </td> <td style="width: 50%; vertical-align: top;"> <p>ii. During Operations:</p> <ul style="list-style-type: none"> • Monday - Friday: <u>7-10pm</u> • Saturday: <u>9-4 pm</u> • Sunday: <u>Not Proposed</u> • Holidays: <u>Not Proposed</u> </td> </tr> </table>		<p>i. During Construction:</p> <ul style="list-style-type: none"> • Monday - Friday: <u>7am-7pm</u> • Saturday: <u>Not Anticipated</u> • Sunday: <u>Not Anticipated</u> • Holidays: <u>Not Anticipated</u> 	<p>ii. During Operations:</p> <ul style="list-style-type: none"> • Monday - Friday: <u>7-10pm</u> • Saturday: <u>9-4 pm</u> • Sunday: <u>Not Proposed</u> • Holidays: <u>Not Proposed</u>
<p>i. During Construction:</p> <ul style="list-style-type: none"> • Monday - Friday: <u>7am-7pm</u> • Saturday: <u>Not Anticipated</u> • Sunday: <u>Not Anticipated</u> • Holidays: <u>Not Anticipated</u> 	<p>ii. During Operations:</p> <ul style="list-style-type: none"> • Monday - Friday: <u>7-10pm</u> • Saturday: <u>9-4 pm</u> • Sunday: <u>Not Proposed</u> • Holidays: <u>Not Proposed</u> 		

<p>m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If yes:</p> <p>i. Provide details including sources, time of day and duration: <u>concrete mixers, truck deliveries, dump trucks and asphalt pavers. anticipated 8:00am to 7:00pm large trucks expected to be on site no more</u> <u>14 days total</u></p>	
<p>ii. Will proposed action remove existing natural barriers that could act as a noise barrier or screen? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>Describe: _____</p>	
<p>n.. Will the proposed action have outdoor lighting? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If yes:</p> <p>i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures: <u>Pole or building mounted security lighting utilized (full cut-off) Fire equipment apparatus lights may be used during drills. All lighting will be directed</u> <u>inward. Nearest adjoining residence is over 700 ft away</u></p>	
<p>ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>Describe: _____</p>	
<p>o. Does the proposed action have the potential to produce odors for more than one hour per day? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures: _____</p>	
<p>p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Product(s) to be stored _____</p> <p>ii. Volume(s) _____ per unit time _____ (e.g., month, year)</p> <p>iii. Generally describe proposed storage facilities: _____</p>	
<p>q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Describe proposed treatment(s): _____</p>	
<p>ii. Will the proposed action use Integrated Pest Management Practices? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	
<p>r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Describe any solid waste(s) to be generated during construction or operation of the facility:</p> <ul style="list-style-type: none"> • Construction: _____ TBD tons per _____ Year (unit of time) • Operation : _____ 0.75 tons per _____ Year (unit of time) <p>ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:</p> <ul style="list-style-type: none"> • Construction: <u>Recycle of any packing material and construction debris waste</u> • Operation: <u>SUNY Ulster has a recycling program</u> <p>iii. Proposed disposal methods/facilities for solid waste generated on-site:</p> <ul style="list-style-type: none"> • Construction: <u>Contractor approved Construction waste site</u> • Operation: <u>Ulster County Resource Recovery Agency (UCRRA)</u> 	

s. Does the proposed action include construction or modification of a solid waste management facility? ☐ Yes ☒ No
 If Yes:
 i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____
 ii. Anticipated rate of disposal/processing:
 • _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
 • _____ Tons/hour, if combustion or thermal treatment
 iii. If landfill, anticipated site life: _____ years

t. Will proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? ☐ Yes ☒ No
 If Yes:
 i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

 ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

 iii. Specify amount to be handled or generated _____ tons/month
 iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

 v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? ☐ Yes ☐ No
 If Yes: provide name and location of facility: _____

 If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.
 i. Check all uses that occur on, adjoining and near the project site.
☐ Urban ☐ Industrial ☒ Commercial ☐ Residential (suburban) ☒ Rural (non-farm)
☐ Forest ☒ Agriculture ☐ Aquatic ☒ Other (specify): Existing College Campus
 ii. If mix of uses, generally describe:
 Sites lie within the existing lands of the SUNY Campus. The Campus is bounded on the south and east by lands in a state certified agricultural district, the west and southwest by rural non-farm residential uses. The business district of Stone Ridge lies within 1,000 ft. to the west.

b. Land uses and covertypes on the project site.

Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces	0	.75	.75
• Forested	0	0	0
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)	0	.0	.0
• Agricultural (includes active orchards, field, greenhouse etc.)	0	0	0
• Surface water features (lakes, ponds, streams, rivers, etc.)	0	0	0
• Wetlands (freshwater or tidal)	0	0	0
• Non-vegetated (bare rock, earth or fill)	0	0	0
• Other Describe: <u>mowed fields/open areas</u>	1.5	.75	-.75

c. Is the project site presently used by members of the community for public recreation? i. If Yes: explain: _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? If Yes, i. Identify Facilities: <u>SUNY Ulster, High Meadows School</u>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
e. Does the project site contain an existing dam? If Yes: i. Dimensions of the dam and impoundment: <ul style="list-style-type: none"> • Dam height: _____ feet • Dam length: _____ feet • Surface area: _____ acres • Volume impounded: _____ gallons OR acre-feet ii. Dam's existing hazard classification: _____ iii. Provide date and summarize results of last inspection: _____ _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? If Yes: i. Has the facility been formally closed? <ul style="list-style-type: none"> • If yes, cite sources/documentation: _____ ii. Describe the location of the project site relative to the boundaries of the solid waste management facility: _____ _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
iii. Describe any development constraints due to the prior solid waste activities: _____ _____	
g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? If Yes: i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred: _____ _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? If Yes: i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: <input type="checkbox"/> Yes – Spills Incidents database <input type="checkbox"/> Yes – Environmental Site Remediation database <input type="checkbox"/> Neither database Provide DEC ID number(s): _____ Provide DEC ID number(s): _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
ii. If site has been subject of RCRA corrective activities, describe control measures: _____ _____	
iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? If yes, provide DEC ID number(s): _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s): _____ _____	

v. Is the project site subject to an institutional control limiting property uses? ☐ Yes ☒ No

- If yes, DEC site ID number: _____
- Describe the type of institutional control (e.g., deed restriction or easement): _____
- Describe any use limitations: _____
- Describe any engineering controls: _____
- Will the project affect the institutional or engineering controls in place? ☐ Yes ☐ No
- Explain: _____

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site? _____ >5 feet

b. Are there bedrock outcroppings on the project site? ☐ Yes ☒ No
If Yes, what proportion of the site is comprised of bedrock outcroppings? _____ %

c. Predominant soil type(s) present on project site:

Stockbridge Farmington	_____	40 %
Volusia Gravely Silt Loam	_____	40 %
Canandaigua silt loam	_____	20 %

d. What is the average depth to the water table on the project site? Average: _____ 4-5 feet

e. Drainage status of project site soils: ☐ Well Drained: _____ 40 % of site
☐ Moderately Well Drained: _____ % of site
☐ Poorly Drained _____ 60 % of site

f. Approximate proportion of proposed action site with slopes: ☐ 0-10%: _____ 100 % of site
☐ 10-15%: _____ % of site
☐ 15% or greater: _____ % of site

g. Are there any unique geologic features on the project site? ☐ Yes ☒ No
If Yes, describe: _____

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? ☐ Yes ☒ No

ii. Do any wetlands or other waterbodies adjoin the project site? ☐ Yes ☒ No
If Yes to either i or ii, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? ☐ Yes ☒ No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name _____ Classification _____
- Lakes or Ponds: Name _____ Classification _____
- Wetlands: Name _____ Approximate Size _____
- Wetland No. (if regulated by DEC) _____

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? ☐ Yes ☒ No
If yes, name of impaired water body/bodies and basis for listing as impaired: _____

i. Is the project site in a designated Floodway? ☐ Yes ☒ No

j. Is the project site in the 100 year Floodplain? ☐ Yes ☒ No

k. Is the project site in the 500 year Floodplain? ☐ Yes ☒ No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? ☒ Yes ☐ No
If Yes:

i. Name of aquifer: Principal Aquifer

Note: result from DEC environmapper All on-site evidence indicates that this is in error

<p>m. Identify the predominant wildlife species that occupy or use the project site: _____</p> <p>Deer _____</p> <p>Rabbits _____</p> <p>Field mice _____</p>	
<p>n. Does the project site contain a designated significant natural community? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Describe the habitat/community (composition, function, and basis for designation): _____</p> <p>ii. Source(s) of description or evaluation: _____</p> <p>iii. Extent of community/habitat:</p> <ul style="list-style-type: none"> • Currently: _____ acres • Following completion of project as proposed: _____ acres • Gain or loss (indicate + or -): _____ acres 	
<p>o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Indiana Bat, Northern Long-eared Bat</p> <p>Note: any tree cutting necessary will be done within the appropriate time window</p>	
<p>p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If yes, give a brief description of how the proposed action may affect that use: _____</p>	
<p>E.3. Designated Public Resources On or Near Project Site</p>	
<p>a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, provide county plus district name/number: _____</p>	
<p>b. Are agricultural lands consisting of highly productive soils present? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>i. If Yes: acreage(s) on project site: _____</p> <p>ii. Source(s) of soil rating(s): _____</p>	
<p>c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. Nature of the natural landmark: <input type="checkbox"/> Biological Community <input type="checkbox"/> Geological Feature</p> <p>ii. Provide brief description of landmark, including values behind designation and approximate size/extent: _____</p>	
<p>d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes:</p> <p>i. CEA name: _____</p> <p>ii. Basis for designation: _____</p> <p>iii. Designating agency and date: _____</p>	

contain, or is it substantially contiguous to, a building, archaeological site, or district has been nominated by the NYS Board of Historic Preservation for inclusion on, the er of Historic Places? Note: site is adjacent to on-campus Kelder House over 100 yrs. old NOT Listed Site is within 2,500 ft. Stone Ridge Main Street Historic District aeological resource: <input type="checkbox"/> Archaeological Site <input type="checkbox"/> Historic Building or District		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
on of attributes on which listing is based:		
project site, or any portion of it, located in or adjacent to an area designated as sensitive for aeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
g. Have additional archaeological or historic site(s) or resources been identified on the project site? If Yes:		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
i. Describe possible resource(s): _____ ii. Basis for identification: _____		
h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? If Yes:		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
i. Identify resource: Shawangunk Scenic Byway Rt. 213 in High Falls closest point ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): Scenic Byway iii. Distance between project and resource: 1.45 miles.		
i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? If Yes:		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
i. Identify the name of the river and its designation: _____ ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?		
		<input type="checkbox"/> Yes <input type="checkbox"/> No

F. Additional Information

Attach any additional information which may be needed to clarify your project.

See attached concept plan

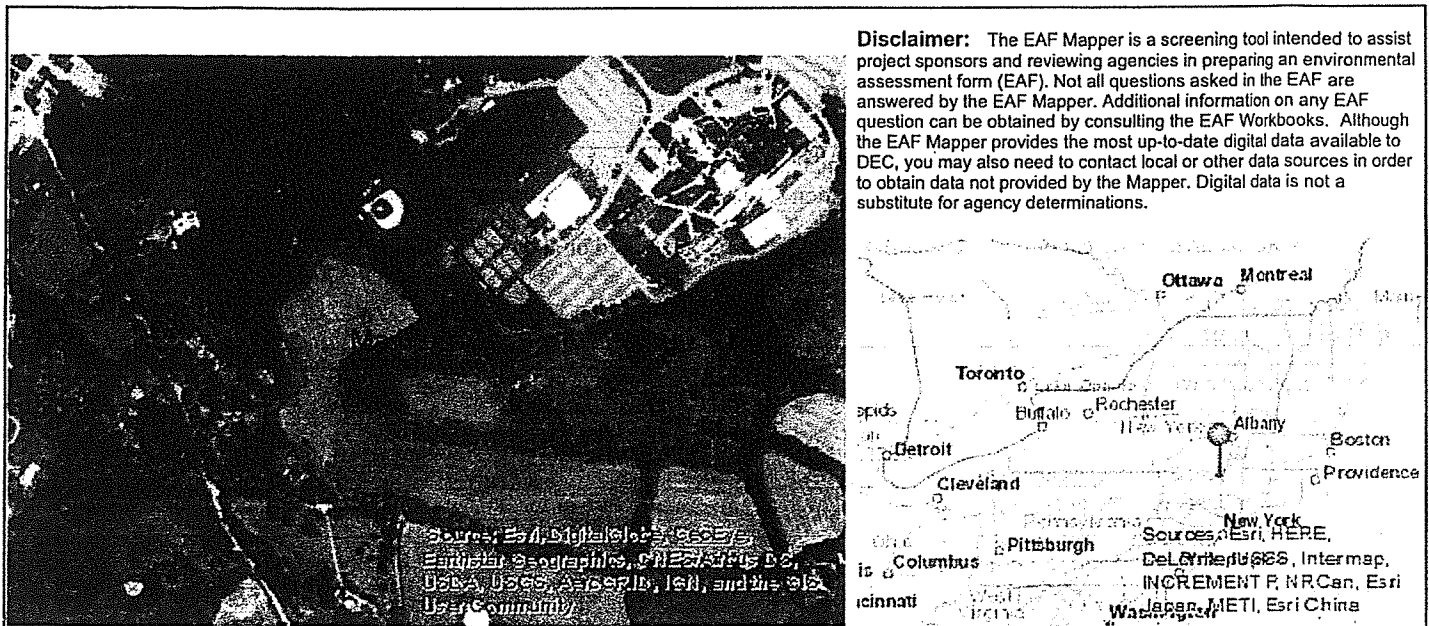

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

INFORMATION SHEET w/PETITION:

FIRE TRAINING CENTER, 2018

In 2017, Ulster county Planner has a project to build an industrial style installation of a Fire Training Center in the midst of family residential property in Marbletown, on the edge of the SUNY campus. with 6 buildings including a 40' Tower, within 600 feet of many residences along 209 corridor, Leggett Road, Rybak and Jacobsen Lane. This tower, 5 feet over legal zoning, would be visible throughout our area. Sitting next to sensitive wetlands, atop the principal aquifer, pollution could be widespread. Trees will be cut, wildlife could die.

Construction would take 8-12 months with hours 7a.m. to 7 p.m.

Actual operations. 7pm to 10 pm would include 3-5 fire trucks, 30 cars, police radios, night lighting and outdoor training, all disruptive to human life, wildlife, and the fragile wetland adjacent to the site. We support our firefighters; welcome them to the existing classrooms at SUNY but this industrial style building and active outdoor vehicular training should occur at the other two industrial-zoned sites and not make life unbearable for residents here.

INFORMATION SHEET w/PETITION:
