Transportation Discussion ensued. Participants highlighted key points:

- UCAT bus service should run more frequently.
- UCAT bus service from Kingston to Saugerties takes too much time, and having an express bus during peak hours would provide more career opportunities between the two population centers.
- Service on State Route 212 should be restored to directly connect Saugerties to Woodstock.
- The schedule is not user friendly and should be modified to be easier to read.
- The Schedule does not align with the app

Chair Petit thanked the public for providing this information to the Committee and stated that this was the first in a series to better improve the public transportation infrastructure in Ulster County.
