Ulster County Legislature Seeks Applicants for the Recycling Oversight Committee

(Kingston, NY) – The Ulster County Legislature is seeking applicants to serve on the Recycling oversight Committee, a board comprised of local stakeholders to provide guidance on recycling and waste management in Ulster County, including determining what can be recycled in Ulster County and ensuring our recycling rate increases in accordance with the Waste Management Plan. This Committee works closely with the Ulster County Resource Recovery Agency (UCRRA) to achieve these goals and receives quarterly reports from the UCRRA on their progress and recommendations to further recycling efforts in Ulster County.

In addition to three at-large seats open to any Ulster County resident interested in serving, there are several seats open to those who fit the following criteria:

- Representative from the Ulster County Town Supervisors' Association;
- Representative from the City of Kingston;
- Representative from the Ulster County Environmental Management Council;
- Representative from Ulster County's Municipal Recycling Coordinators;
- Representative from the Waste Hauling Industry; and
- Representative from the Multi-Family Dwelling Sector;
- Representative from the Commercial or Institutional Sector

Members of the Resource Recovery Agency Board of Directors are prohibited from serving on this Committee but may attend meetings as an ex-officio representative. Interested candidates are invited to submit their applications promptly to be considered for these important board positions. Applications may be reviewed by the County Legislature on a rolling basis, so early

submissions are encouraged to ensure full consideration. Terms are for three years, and members may continue to serve until their replacement is appointed.

Join the Recycling Oversight Committee and contribute to a sustainable future for our community. Submit your application today to be considered for this crucial opportunity to shape waste management practices and environmental initiatives in Ulster County.

APPLY ONLINE

Submit application form and upload cover letter, resume and support materials online:
