Referred to: The Environmental, Energy and Technology Committee (Chairman Belfiglio and Legislators Lopez, Ronk, Wawro, Bartels, John Parete, and Wishnick), and The Laws and Rules, Governmental Service Committee (Chairman Roberts and Legislators Fabiano, Maio, Ronk, Donaldson, Loughran and Parete)

Legislators Hector S. Rodriguez and Tracey A. Bartels offer the following:

WHEREAS, the Ulster County Legislature desires to include recycling materials on the list of waste items that may be subjected to a flow control program to help ensure the safe disposal and recycling of waste generated within Ulster County; and

WHEREAS, the following language within Article 8, Title 13 G, Section 2050-t(3) is apparently unique to the Ulster County Resource Recovery Agency in that said language excludes scrap and other material of value separated from the waste stream for purposes of recycling from the definition of “solid waste” that is used in said section of law; and

WHEREAS, said language appears to preclude the Ulster County Resource Recovery Agency from embarking upon various recycling recovery programs; and

WHEREAS, the Ulster County Legislature supports an amendment to Public Authorities Law Article 8, Title 13 G, Section 2050-t (3) to remove the following language: **“but shall not include any scrap or other material of value separated from the waste stream and held for purposes of recycling”** from that section of law. (A copy of proposed Title 13 G Section 2050-t (3) annexed); now, therefore, be it

RESOLVED, that the Ulster County Legislature hereby requests that the New York State Assembly and New York State Senate enact legislation amending Public Authorities Law Article 8, Title 13 G, Section 2050-t (3) and remove **“but shall not include any scrap or other material of value separated from the waste stream and held for purposes of recycling”** from that section of law; and be it further
